

Road Closures In and Around Mere in March 2019

Guidance only, times may vary

Mere to Maiden Bradley

B3092 - closing road north of A303 Zeals junction to Maiden Bradley but they are hoping to do the work in 3 phases so not all of the road will be closed all of the time. The 3 phases will be (the order of work for the 3 phases not guaranteed):

1. North of the A303 to Crab Lane
2. Crab Lane to Coombe Barn Lane
3. Coombe Barn Lane to Maiden Bradley

They will then come back on a Sunday to do the B3092 south of A303 Zeals junction to Gillingham Corner (probably after the Castle Street closure).

18th – 29th March 9.30am - 3.30pm (This is a restricted time road closure) B3092 – Castle Street, Mere

Road will be closed from Gillingham Corner junction to The Square. Alternative official diversion route: via B3095 (unaffected length) – A303 – A350

Outside the above hours traffic will be 2-way, and the area to be worked on the following day will be coned off.

Access

'Gatemen' will be posted at each end to allow local access to the affected sections. They will allow access for school buses at all times, and also for businesses and residents but expect delays. Pedestrian access should be maintained.

The roads will be worked on in sections. It is likely that the contractors will work their way along each section.. If your house or road adjoins the section being worked on then you will need to travel along the part of the section which is not being worked on. If this is not the direction in which you want to travel, then when you leave the section, you will need to find an alternative route to where you want to go. In any event expect delays.

If the contractors are working at the junction with your road, then no doubt the contractors will direct you.

The contractors will try to leave open a route from Barton Lane to the Castle Street car park."
